Brief Description of Arguments to be Presented:

Claim 44 is distinguished over Berson at least because of "identifying a set of group keys". Berson describes document authentication, not black box analysis.

An interview was conducted on the above-identified application on _____.

NOTE:

This form should be completed by applicant and submitted to the examiner in advance of the interview (see MPEP § 713.01).

This application will not be delayed from issue because of applicant's failure to submit a written record of this interview. Therefore, applicant is advised to file a statement of the substance of this interview (37 CFR 1.133(b)) as soon as possible.
